

## press release

Sandersdorf-Brehna, 2011-04-18

### ***Vetro Solar at Intersolar show 2011 – booth B6.570***

**Germany-Sandersdorf-Brehna** Vetro Solar will attend the Intersolar trade show in Munich this year. Vetro Solar will follow the successful concept of the former years and will continue the cooperation with Saxony-Anhalt. The booth will be a shared booth under the umbrella of Solar Valley and can be found at position B6.570.

Vetro Solar will be there all the time from June 8<sup>th</sup>, 2011 until June 10<sup>th</sup>, 2011. Please feel free to visit, learn more about Vetro Solar and the products and enjoy the Norwegian way of hospitality. Vetro Solar is looking forward to welcome you there!

**Vetro Solar GmbH**, a company newly established within the Solar Valley and subsidiary of Vetro Solar AS, is specialized in the production of solar glass, exclusively for the needs of photovoltaic and solar thermal industry. The company is, besides today's standard products for the PV industry, able to supply specific thin glass. This is possible due to a large number of technical innovations, which have been implemented in the current setup of Vetro's production line. This specific thin glass will enable solar panel manufacturers to save cost and weight. Along with this, such specific thin glass will help to increase the module efficiency, due to an improved light transmittance.
